

Ionic 2 and Angular 2
Tutorials and documentation research

Student name: Kateris Martinez

Class: 2nd year Web design and front end Project

Title: TicTacToe, Tutorials and documentation research.

Assessing Tutors: Scott O'Malley

<https://www.youtube.com/watch?v=8bQtvcfvEZE>

(Here understand how works with CMD)

<https://joseucarvajal.wordpress.com/2015/05/29/personalizar-icno-splash-screen-y-nombre-de-app-ionic/>

(I did use this tutorial to use my Icon and Splash on my APP)

<https://ionicframework.com/docs/v2/intro/installation/>

(with this tutorial I install Ionic and all the tools need it as NodeJS or Cordoba)

<https://ionicframework.com/docs/v2/components/#overview> (Here I can find basic information about how work with Ionic 2)

https://www.youtube.com/watch?v=0jamhGf-8ww&list=PLYxzS_5yYQljbuGjaeugpgs9U07gS5P5

(From this tutorial channel I took some ideas for Angular, Ionic and NodeJS)

<https://scotch.io/tutorials/build-a-mobile-app-with-angular-2-and-ionic-2>

(Ionic tutorial that I did follow)

<http://csharperimage.jeremylikness.com/2016/05/tic-tac-toe-in-angular-2.html>

<https://www.udemy.com/curso-de-angular-2-en-espanol-crea-webapps-desde-cero/> (I am doing this curse of angular 2 on Spanish)

<https://www.thepolyglotdeveloper.com/2015/04/adding-background-images-to-ionic-framework-apps/>

(I did try to use this for add the background on my APP, doesn't work so I did add a simple background colour black)

<https://market.mashape.com/stujo/tic-tac-toe> (Link to my API used)

<https://market.mashape.com/stujo/tic-tac-toe/overview> (info of how works the API)

<http://stackoverflow.com/questions/22488100/find-winner-in-a-tic-tac-toe-match>

https://github.com/GA-WDI/fundamentals/blob/master/10_chapter/05_lesson.md

(trying to find winner)

<http://www.foro.lospillaos.es/programacion-de-un-juego-tic-tac-toe-vt10025.html> (useful link to understand table)

<http://stackoverflow.com/documentation/angular2/topics>

(Always help me)
